**CHILD HEALTH DAY OBSERVANCE.**  
In observance of Child Health Day, as proclaimed by President Roosevelt for May 1st, the Medina County Health Committee extended an invitation to the mothers and their children, to P. T. A.'s and to all parties interested in Child Welfare in the County to meet at 3:00 P. M. Monday, in the Hondo High School Auditorium. Those who responded were entertained with a splendid program, including addresses by prominent men of San Antonio, and by musical numbers.  
Dr. W. H. Smith, Medina County Health Officer, presided very ably over the meeting, introducing the numbers on the program and presenting the speakers to their audience. Dr. Smith also explained the purpose of the County Health Committee in executing the President's proclamation, which was in line with the activities of the Committee for the past four months.  
The Hondo High School Choral Club was presented in two numbers, first the lovely "Bells of St. Mary's" and concluding the Health Day Program with "Have A Smile for Every one You Meet".  
County Superintendent W. N. Saathoff, who has been instrumental in securing the services of a State Health nurse and in carrying out the county health program and other matters of child welfare, extended a welcome to the audience and to the speakers for the afternoon, and briefly gave a resume of the Health Committee's achievements and praised them on their success.  
Professor J. Gordon Barry, who as Superintendent of Hondo Independent Schools, is in good position to know, addressed the gathering on "What it Means to a School to Have Healthy Scholars". He offered some very enlightening statistics on the advantages of a school with healthy, happy students, and asserted that it was the aim of Hondo High School to achieve the highest in health ratings. The school is well up in the standard as recently reported by the State Health nurse in an examination of the school children.  
A delightful tap dance by Misses Milton Marie and Billy Merritt entertained the watchers and gained an enthusiastic reception by them.  
In the unavoidable absence of Mr. H. H. Ochs of San Antonio, who was to have been one of the principal speakers, Mr. Porter Whaley and a Mr. Whiteside, both of San Antonio, substituted with a few brief remarks in keeping with the spirit of the program.  
Mr. K. H. Whaley, Chairman of Public Health for the Chamber of Commerce, San Antonio, in an interesting talk outlined the health program as carried on in the city of San Antonio. He stressed the importance of water and sanitation as general precautions and the cooperation of the clubs and schools of the city in carrying out the program in San Antonio. Mr. Whaley's remarks gave his listeners an insight into the remarkable control of health conditions in a large city as compared to that in a smaller community, and out for the broadness of scale the principles of health conditions are the same.  
In conclusion, Mrs. E. J. Leinweber, Chairman of the Medina County Health Committee, who with the Committee is responsible for the carrying out and successful completion of the first step in the County health program, spoke briefly on this work. She reported the completion that morning, May 1st, of the inoculation against diphtheria of 1400 children under 12 years of age in the County. Every school district but one cooperated with the committee in the immunization work, which was done at a minimum cost of \$300, which was expended for serum, etc. Mrs. Leinweber praised the Committee, Prof. Saathoff, the P. T. A.'s and the doctors who gave of their services without fee, and thanked them for their help. She briefly outlined the second step in the health program, the summer round-up of children of pre-school age, plans for which are in the making.  
The program was very educational and interesting, and was to the advantage of all who heard it. It is to be regretted, however, that a larger crowd was not present to assimilate the wealth of information presented and to carry it into execution.  
Merchant Will James of the Green Tag came in Wednesday from a ten days' visit to his old stamping ground in the pine woods of northern Louisiana and reports an enjoyable vacation. The only thing that marred the pleasure of the trip was he found too much water. And this is no joke! It was in the form of rainfall and not drinking water!  
Will Earnest Newton was up from Corpus Christi Sunday on a short visit to his parents, Mr. and Mrs. J. G. Newton. Mr. Newton recently took charge of an Industrial feature on the Corpus Christi Caller and has a very responsible position that has great possibilities. His Hondo friends wish him a successful climb to the top in his chosen line of work.  
The monthly meeting of the local Parent-Teacher Association will be held Monday, May 8th, for the last time this term. The P. T. A. will be host to the Medina County Council on May 13, for the annual meeting.

### METHODIST CHURCH NOTES.

The greatest contributing factor in the stabilization of life is faith. When faith is gone chaos reigns, confidence, that which is essential to human happiness and prosperity, no longer exists and as a result everyone suffers. Every thoughtful person, every earnest individual, every one who would like to see a return of better conditions should be giving themselves to a consistent co-operation in the restoration of a confidence and a faith that we must have in order to come out of this unsettled state.  
There is only one power that can remove the fear, and restore the faith and confidence in the heart of the people. That power is a vital Christian dynamic enthroned in the hearts of our citizenship. This Christian dynamic is sorely needed in the lives of those who control the wealth of our country. They, or we, are not going to come on to it all unaware, but only as we return to the church, and to a faith in Jesus Christ, who alone is able to rescue us from our fears and give us confidence and faith in our fellowman. "He will cast out all fears." He will make us unafraid. He will give us faith for every task. He, and He alone, is sufficient for our day. He will drive out chaos and restore confidence and faith that are so much in demand just now.  
My dear friend, you who have become a victim of the times, let me urge you to look up, make your decision to avail yourself of this agency that is at your command to help you into this confidence and faith that you need just now, the Church and church attendance. Look to the beautiful and the spiritual that is our great need. "What shall it profit a man if he shall gain the whole world and lose his own soul, or what shall a man give in exchange for his soul?" Come to church Sunday; think with us on things beautiful and eternal and surely you will be refreshed for the Sunday school.  
Hondo school, 9:45, there is a place for you. Come and fill it; you will be the one who will be benefited. The attendance is good but let's make it better.  
Subject Sunday morning: "The Two Sacraments." Sunday evening, special program: Young people in a religious play.  
Everybody invited to come and hear it.  
P. E. LANCASTER, Pastor.

**WEATHER REPORT.**  
Hondo, Texas, for month of April, 1933.—Total rainfall, 72 inch; since Jan. 1st, 5.97 inches, four rainy days, 11 clear, 13 part cloudy, 4 cloudy. Temperature: high 99 on 30th, low 36 on 15th. Frost on many low places in County nipped corn. North part of Medina County had severe hail in some places, 2 A. M., 1st of April 23rd to 24th. Hondo Creek on rise on April 24th. A good general rain badly needed for corn. Oats about a failure.

H. E. HAASS,  
Vol. Ob., U. S. Weather Bureau

**CROP LOANS LESS.**  
The time in which to apply for crop loans for the 1933 season closed with the last day of April. The loans secured this year were 160 as compared to 199 last year. The total amount borrowed this year is \$16,365 as compared to \$27,800 last year. And the individual loans averaged \$102.25 as compared with \$139.42 last year.  
These loans will be of great assistance to those securing them, as they are secured at a low interest charge and will enable the borrowers to purchase at cash prices.

**FOR SALE.**  
One refrigerator, one hundred pound capacity, white enameled steel, porcelain lined. Used three months. Cheap for cash. 2p.  
MRS. J. W. L. HANLEY,  
D'Hanis, Texas.

### TUESDAY NIGHT BRIDGE CLUB.

The Tuesday Night Bridge Club and a number of guests were entertained by Mr. and Mrs. Ed. Connevey Tuesday night, with several games of bridge. The lovely new home was attractively decorated, the chosen flowers for the living room being pink and lavender larkspur, and red verbenas adorning the dining room. Bridge appointments repeated the pastel shades of the larkspur. The hosts were assisted in receiving by their daughter, Miss Anna Laura Weihausen.  
High score club prizes went to Mrs. Alfred Schweers and Mr. Ivan Bedell. Mr. and Mrs. F. H. Schweers were each awarded a prize for high scores among the guests.  
Those present were Mr. and Mrs. Horace Bradley, Mr. and Mrs. L. E. Heath, Mr. and Mrs. J. G. Barry, Mr. and Mrs. Bill Crow, Mr. and Mrs. E. E. Cureton, Mr. and Mrs. Robert Kollman, Dr. and Mrs. O. B. Taylor, Mr. and Mrs. Ivan Bedell, Mr. and Mrs. Alfred Schweers, Dr. and Mrs. W. H. Smith, Mr. and Mrs. F. H. Schweers, Mr. and Mrs. Connevey and Miss Weihausen.  
The National Democratic Campaign Committee is in debt. This indebtedness amounts to approximately 10c each for each vote polled at the last election. The voters must pay this or their party will default in its financial obligations. It is not expected that each voter should pay a dime—although this would settle the debt—or that any one must limit the amount they contribute. The 10c prorata is merely used as a basis for an equitable apportionment of the debt among the voters.  
On the basis thus fixed Medina County's apportionment is as follows:  
Precinct Amount due Paid  
1 N. Hondo ..... \$26.20 ..... \$ .20  
2 Quibi ..... 13.20  
3 Dunlay ..... 9.00  
4 Verdina ..... 3.00  
5 Riomedina ..... 13.10  
6 Castrovilla ..... 39.90  
7 D'Hanis ..... 24.50  
8 Haass ..... 2.80  
9 Natalia ..... 9.30  
10 E. Devine ..... 8.20  
11 Black Creek ..... 4.40  
12 Yancey ..... 8.40  
13 Mavery ..... 3.60  
14 Biry ..... 6.60  
15 LaCoste ..... 16.50  
16 S. Hondo ..... 30.30  
17 Upper Hondo ..... 2.30  
18 Elstone ..... 4.00  
19 W. Devine ..... 22.90  
20 Mico ..... 3.50  
Total ..... \$251.70 ..... \$ .20  
Although this matter has been twice mentioned before in these columns it will be observed that little response has been made to the appeal. Your County Chairman stands ready to receipt for money received in this account and forward it to the proper authorities. More than that cannot do. As a Democrat, you do something.

FLETCHER DAVIS,  
County Chairman,  
Democratic Executive Committee,  
Medina County, Texas.

**LADIES' BRIDGE CLUB.**  
Mrs. L. J. Brucks was hostess to the Ladies' Bridge Club last Thursday afternoon with a delightfully appointed party. Huge bowls of brilliant hued Indian blankets formed striking color notes in the decorative features of the home. Tables were arranged for bridge in the living room and library.  
High score prize was won by Miss Lillian Brucks and cut prize was received by Mrs. Horace Bradley.  
A salad course and iced tea were served, concluding the afternoon's entertainment.  
The personnel was as follows: Mesdames Ed. Connevey, J. M. Finger, L. E. Heath, Fletcher Davis, Horace Bradley, O. H. Miller, Earl Starnes, O. B. Taylor, W. O. Rothe, Alice Reinhart and Frank Schweers, Miss Lillian Brucks and Mrs. L. J. Brucks.

### STATE FAIR NOTES.

Dallas, Texas, May 3, 1933.—Sustaining membership certificates to the State Fair of Texas, which will entitle purchasers to annual passes, with car admission to the exposition for a term of five years, are being sold in order to finance an extensive program of improvement on the grounds, it has been announced here by Otto Herold, president of the institution. The certificates are being sold for ten dollars, and payment for same is being made in installments where purchasers desire.  
The campaign to sell the certificates opened on May 1, and is being directed by Mr. Herold and the Senior and junior board of directors. The campaign will continue for five months, ending on September 30th, and will be extended to every business firm as well as every individual in the city.  
Among the early improvements contemplated for the State Fair is that of a boys and girls club building and dormitory. With the addition of the annual convention of the Future Farmers of Texas, a total of 3000 farm boys and girls are entertained at the State Fair each year by the association. The club building is now badly needed.  
Many other improvements are needed on the grounds, and a program of improvements extending over a period of years has been mapped out by the board of directors. The program will be financed from funds derived from the sale of the membership certificates.  
The campaign for the sale of the certificates will be conducted mostly in Dallas, but it is planned to sell the certificates in every part of the state where they are desired.  
"We wish to give the people of Texas the opportunity of joining in keeping the standard of the 'world's largest State Fair' at its present level," Mr. Herold said, "and those purchasing the certificates are not only getting a value greater than the charge we are making but are helping us to carry out this extensive program of improvements."  
Many improvements in the Agriculture, Livestock and Poultry Shows at the 1933 State Fair of Texas are now being worked out by superintendents and directors in charge of these departments, it has been announced by Otto Herold, president of the association. The most radical changes are expected to be made in the showing of Livestock, according to A. L. Ward, general livestock superintendent.  
State Fair officials are dickering with the biggest producers on Broadway relative to the booking of an auditorium attraction for the 1933 Exposition. Otto Herold, president of the association, and Roy Rynard, secretary, recently made a trip to New York and looked over general outstanding productions now being presented in that city.  
The two new shows instituted at the 1932 State Fair of Texas—the Petroleum and Aviation Expositions, will be repeated this year, it has been announced by Hugo Schoellkopf, director in charge of the Aviation Show, and Harry L. Seay, director in charge of the Petroleum Exposition. Many inquiries relative to both shows have been received from all parts of the world.  
Many improvements on the grounds of the State Fair of Texas are planned for the next few years, it has been announced here by Otto Herold, president of the exposition. Among the first improvements planned is a Boys and Girls Club Building, which is badly needed. Efforts are being made to erect the building this year. The improvement program will be financed by sale of sustaining membership certificates to the State Fair, and these will entitle purchasers to annual passes for person and car to the exposition for a term of five years.

**NOTICE BOARD OF EQUALIZATION.**  
County Commissioner's Court of Medina County, Texas, sitting as a Board of Equalization.  
THE STATE OF TEXAS,  
County of Medina.  
I, S. A. Jungman, County Clerk and ex-officio clerk of the County Commissioner's Court of Medina County, Texas, do hereby give notice that the Honorable County Commissioner's Court of Medina County, Texas, will convene and sit as a Board of Equalization, commencing on the 22nd day of May, A. D. 1933, for the purpose of receiving all the assessment lists or books of the assessor of taxes of Medina County, Texas, for inspection, correction or equalization and approval.  
Witness my hand and seal of the County Commissioner's Court of Medina County, Texas, this 27th day of April, A. D. 1933. S. A. JUNGMAN  
County Clerk and Ex-Officio Clerk County Commissioner's Court, Medina County, Texas.

**SHAW CHILD BURIED HERE.**  
The young daughter of Mr. Joe Shaw of Houston and niece of Mr. Charles Metzger of Hondo died in Houston Wednesday, May 3rd, and the body was brought by train to Hondo yesterday afternoon. Funeral services were held at 4:30 the same day, under the direction of the Horgor Undertaking Co. The child was about twelve years old.

### THE FIFTEENTH DISTRICT'S NEW REPRESENTATIVE.

  
HON. MILTON WEST.  
MILTON WEST TAKES OATH AS GARNER'S SUCCESSOR.  
Washington, May 2.—Representative Milton West of the Brownsville district, who succeeds to the place occupied for thirty years by Vice President John N. Garner, took the oath of office in the House of Representatives Tuesday upon the presentation of his credentials from the Governor of Texas. He was introduced to the House by Representative R. M. Kleberg of Corpus Christi district. Until late last week Mr. West was a member of the Texas Legislature from the Brownsville district, which he resigned to take over his duties in Congress.  
Miss Pearl Creved, who served as Mr. West's private secretary at Austin, is in charge of his Washington office in the House office building. Mr. West's majority over his Republican opponent in the recent special election was about 11 to 1. In the general primary his popularity was reflected in his vote being almost a majority over the large field of candidates. Mr. West cast his first vote shortly after becoming a member, in favor of the rule presented by the Democratic leaders for consideration of the administration farm bill.  
**QUIBI NOTES.**  
We glory in tribulations also; knowing that tribulation worketh patience. Rom. 5:3.  
St. Paul was one of the "we" that glorified in tribulations. He has a very slender following. The average man is far from glorying when tribulations cramp his heart and dim his visibility. He resorts to foul and fair means to escape them. The very thought of them gives him heartache. Wherein does St. Paul find this splendid courage? He found peace with God thru Christ and knows that every act of God, including tribulations, works toward his eternal welfare—a slow educational process for eternal values. Impatience would frustrate that process. Perhaps we never mature to the stage of that glory, but, Lord, help us master our impatient heart.  
Mrs. Arnold Lindeburg is confined to the Medina Hospital, getting over the effects of an appendix operation. She stood the ordeal bravely and shows every symptom of an early recovery. Her many friends rejoice with her in sincere gratefulness to Him who maketh all things well in His mercy.  
A final call and invitation to the parents of children who are to join the class of prospective confirmands. The catechetical instruction is to be held on Saturday the 13th at 9 A. M. Let us hear of your intentions and give us a chance to discuss important particulars before said date.  
Announcements for Sunday, May the 7th: Service in German at Quibi at 10 A. M. Sunday School and Bible Class at 9 A. M. Service in English at 8 P. M. We invite you.  
**ENTERTAINED WITH BARBECUE**  
The Luther League of St. Paul's church enjoyed a barbecue on the Hondo last Friday night, with Messrs. Charlie Hartung and Arnold Mussman as hosts. Barbecue, bread, pickles and coffee were served. Games were enjoyed until a late hour.  
Those present were Rev. and Mrs. W. C. Leibfarth, Misses Alice Muenink, Irene Mechler, Anna Leah Webb, Regina and Hermine Nester, Dorothy Grube, Irene Neuman, Nettie Stiegler and Irene Haass, and Messrs. Milton, Edgar and Floyd Mechler, Jack Hartung, Marvin Muenink, Aaron Bendele, Melvin Stiegler, Robert Brucks, Freddie Grube, Clarence Neuman, Irvin Hartung, Arnold Mussman and Charlie Hartung.  
**ST. PAUL'S LUTHERAN CHURCH.**  
There will be no service next Sunday. The Pastor will be attending the meeting of American Lutheran Churches in Bartlett, Texas. Sunday School will meet at 9:15.  
The service May 14 will be conducted in the German language at 10:30. At 7:30 the Luther League plans to sponsor an interesting program. The congregation and friends are invited to attend. A special speaker will be secured.

Floyd Singleton, Prop.

— Joe D. E.

Mr. and Mrs. F. Marion Davis and two boys, Francis Marion, V. and Louis Fletcher Rothe, arrived Saturday night from Paris, Texas, having driven approximately five hundred miles, the entire distance that day. After a few days of visiting among homefolks, they left at an early hour Thursday morning for their home at Paris. This was little Rothe's first visit to Hondo and his first acquaintance with his numerous relatives. He gave each one a knowing look out of a pair of blue eyes and said nothing—a wise boy he! But his mere presence created a controversy between his two Grandpas which the boy alone can settle—possibly by growing out of it. We can figure out no other way. Each Grandpa thinks their namesake looks like himself—he's redheaded—and pretty!

P. C. Jagge reports an almost complete destruction of all kinds of fish in the waterholes of the Upper Hondo as a result of the hail storm of last week. He and his neighbors are interesting themselves in securing a supply of young bass from the State Fish Hatcheries to restock the permanent waterholes. If, as seems to be true, the turtles and gars were killed along with the game fish the storm will not have been an unmixed evil. The young bass from the hatcheries will have a better chance to live and thrive.

County Judge R. J. Noonan, members of the Commissioners Court, and Sheriff C. J. Schuehle, John M. Finger and Bob Zerr, representing the local R. F. C. organization, visited the Medina lake Wednesday to view some needed highway preservation work. They were accompanied by Mesdames Noonan and Schuehle who, while the gentlemen made their survey, amused themselves by catching about sixty fish, enough to supply the entire party.

The Hondo High School Choral Club will motor to San Antonio today, where at 1:30 P. M. the Club will sing at Thomas Jefferson High School. At 4:00 P. M. the Club will be on the air from radio station KTSR for a quarter hour program of songs. Many local people will have their radios tuned in to enjoy the young voices raised in song. Mrs. George Brush is director.

The manager of the Colonial Theatre reports a change of schedule for picture showings. Pictures will be screened only on Friday and Saturday night until further notice. This Friday and Saturday presents Clara Bow in "Call Her Savage". Next week will be Zane Grey's "Robber Roost" with George Brent and Maureen O'Sullivan in the leading roles.

An extensive cloud, accompanied by a considerable electrical display, spread over this entire section early Wednesday night. There was a fall of rain ranging from one-twelfth of an inch to two inches over the area covered. Locally it amounted to about an inch. The rain will be of great benefit although the weather cleared off with a cool dry west wind that is very injurious. A good general rain is very much needed.

Chairman John M. Finger of the local R. F. C. informs us that Medina County's quota of appointees to the Reformation Army is 28. So far a number of applicants have been received, but only two have been sent to camp at Fort Sam Houston. They are Clarence Haass of this place and Leander Rudinger of D'Hanis. They left for Fort Sam Houston last Friday.

Closing time for the schools approaches and the pupils are busy preparing for their class plays. Hondo Seniors present theirs, "Girl-Shy", here on May 12th. Yancey will present "George in a Jam" tonight and D'Hanis at the same time will be presenting "Spooky Tavern". These are happy occasions for the Seniors and all their relatives and friends.

## Learn to Save

The lesson of saving is simple to learn; Just spend something less than that which you earn; But the man who saves, who lives something by, Must first always learn himself to deny. It is not what you make brings riches to you, The man who makes less may have more when he's thru. Many men have made money, rode high on the wave, But their boat hit the rocks, they nothing did save. The HONDO STATE BANK has regard for the man Who makes but little, yet saves all he can.

### VERDINA SCHOOL CLOSES

The Verdina School came to a close last Thursday with a community picnic. An enormous lunch consisting of delicious barbecue, bread, pickles, salads and cakes of all kinds, and iced tea was spread under the old oak tree. While the folks were resting, they were entertained with all sorts of musical selections by the young folks and school children, after which Miss Kimmey awarded prizes to the winners of sack races, three-legged races, and others.

Ball games, card games, and other games furnished entertainment for the rest of the afternoon, and after an enjoyable lunch everyone went home, taking home with them plenty of scars, bruises and sunburned faces to remind them of the good time had.

One of the major objectives of 1933 for the San Antonio Advertising Club is to promote industrial development in the San Antonio territory. The Club recently went on record as endorsing Progressive Texans, Inc., and agreeing to help attain its objectives.

A home market for one million pounds of home-grown feed is provided by the 2417 head of cattle on feed in demonstrations in Tom Green county, according to W. I. Marschall, county agent. Home grown rations featuring grain sorghums have been demonstrated practical in previous demonstrations, he says, pointing to two lots of local cattle that topped the markets on which they were sold last year.

## PROPER CULTIVATION OF CORN IMPORTANT.

By P. G. Holden.

Field Director, Agricultural Extension  
Department, International  
Harvester Company.

Frequent cultivation of corn early  
in the season is important. It may  
be deep and should be level.

Late cultivation should always be  
shallow.

We must not forget that deep cul-  
tivation early in the season saves the  
moisture and frequent cultivation  
kills the weeds.

There is no danger of injuring the  
corn roots by cultivating deep the  
first time. It pays to go deep enough  
to secure a good mulch. This con-  
serves the moisture—keeps it stored  
in the soil and makes it available  
during the hot, dry days of July or Aug-  
ust.

The best time to kill weeds is be-  
fore they come up. The sooner they  
are killed the better as they use up  
moisture and plant food that will be  
needed by the corn.

Every care should be taken to see  
that the young corn is not stunted as  
it never fully recovers.

Blind cultivation of corn is an ex-  
cellent practice. Blind cultivation is  
cultivating the corn before it comes.

## WATER IN PLACE OF MEAL HELPS STOMACH

Stomach trouble is often helped by  
skipping one meal. Drink lots of  
water. Add a spoonful of Adlerika  
each morning to clean out poisons in  
stomach and bowels.

W. H. WINDROW, Druggist

up, by following the planter marks  
and throwing the dirt away from the  
rows. This should be followed by a  
harrow in the same direction in a day  
or two. This conserves moisture,  
kills weeds; keeps the ground from  
getting hard and cracked.

As the corn grows its roots spread  
out just below the surface of the  
ground like the limbs of a tree. For  
this reason later cultivation should be  
no deeper than is necessary to keep  
the corn clean. Deep cultivation is  
sure to injure the roots—perhaps cut  
them off. This impairs or stops the  
growth of the corn and reduces the  
yield.

Plans to help more Nueces county  
families to live at home were made  
by the county home demonstration  
council and the home demonstration  
agent, Miss Frances McNeil, last  
March. It was found that there were  
1497 farm families in the county and  
the 153 home demonstration club  
women obligated themselves to get  
in touch with a definite number of  
women in their communities and in-  
vite them to the monthly club meet-  
ings. This resulted in 56 women join-  
ing the clubs and getting the full  
benefit of their work. The second  
part of the plan was for the club  
women to help other women person-  
ally with information. At the end of  
the year 104 club women had given  
192 demonstrations in canning, 42  
in poultry management, and 50 in  
clothing work with a total attend-  
ance at these demonstrations of 2108  
which represented 841 different fam-  
ilies. The true way of getting infor-  
mation to the other women was by a  
series of 14 demonstrations in can-  
ning meat and vegetables and in  
cheese making, which were held in  
hardware stores, community kitchens  
and in homes over the country. There

## HOW SHE LOST 18 POUNDS OF FAT

FOR LESS THAN \$1 00

"Will say regards to Kruschen: I  
took it to reduce. I lost 18 pounds  
after using one bottle and feel fine.  
Just bought one more bottle to-day  
and expect to lose 18 more pounds.  
I now weigh 148 and feel fine." Mrs.  
Harry Robinson, Akron, Ohio (Jan.  
6, 1933).

Once a day take Kruschen Salts—  
one-half teaspoonful in a glass of hot  
water first thing every morning.  
Besides losing ugly fat SAFELY  
you'll gain in health and physical at-  
tractiveness—constipation, gas and  
acidity will cease to bother—you'll  
feel younger—more active—full of  
ambition—clear skin—sparkling  
eyes.

A jar that lasts 4 weeks costs but  
a trifle at W. H. WINDROW, or any  
drugstore in the world—but demand  
and get Kruschen and if one bottle  
doesn't joyfully please you—money  
back. Mail orders filled.

## How to train BABY'S BOWELS

Babies, bottle-fed or breast-fed,  
with any tendency to be constipated,  
would thrive if they received daily  
half a teaspoonful of this old family  
doctor's prescription for the bowels.

That is one sure way to train tiny  
bowels to healthy regularity. To  
avoid the fretfulness, vomiting,  
crying, failure to gain, and other ills  
of constipated babies.

Dr. Caldwell's Syrup Pepsin is  
good for any baby. For this, you have  
the word of a famous doctor. Forty-  
seven years of practice taught him  
just what babies need to keep their  
little bodies plump and healthy. For  
Dr. Caldwell specialized in the treat-  
ment of women and little ones. He  
attended over 3500 births without  
loss of one mother or baby.

## ST. ANTHONY'S SCHOOL NOTES.

The High School students of St. Anthony's School had a delightful outing on Tuesday, April 25, when they went to Utopia for an all-day picnic. In the forenoon the baseball team won a 7-1 victory against Trio High School on the Trio diamond, by a score of 20 to 1. After the game the party proceeded to Utopia where the picnic lunch was spread in the Utopia park.

The main event of the day was the ball game in the afternoon against Utopia High School, where the St. Anthony's boys were again victors, defeating Utopia with the overwhelming majority of 25 to 1.

On Sunday, April 30, Pilot Pete's Longhorns met the St. Anthony's School team on the Public School campus, but met with defeat before the superior playing of the St. Anthony's boys, who scored 11 runs to their opponents 4. Batteries for the day were: Longhorns, Fohn and Rieber, Merlin Nester and Zerr, St. Anthony's, Francis Koch and Poerner. The High School team has not been defeated this season.

## CARD PARTY.

B. Maennink and Joe Martin Zinsmeyer; bunco Geneva Rieber and Miss Regina Sauter, Messrs. Wilfred Fohn and Herbert Koch. Delicious refreshments consisted of cookies and punch.

## SECO COMMUNITY NEWS.

The Seco Literary Club honored the Ninth Grade with its annual party on Tuesday afternoon, April 25. Games were enjoyed and refreshments of sandwiches, cookies, and lemonade were enjoyed.

Seco School closed Thursday, April 27, on which date the closing exercises took place. The pupils appeared in two plays, "Mother Goose's Goslings" and "Comrades Courageous", in songs, and recitations. Mr. J. G. Barry, superintendent of Hondo schools, made an appropriate and instructive address. County Superintendent W. N. Sasthoff presented certificates to the pupils completing the ninth grade, namely Emma Rudinger, Richard Weynand and Alfred Lutz.

The annual picnic on Saturday evening was preceded by a game of baseball in which the married men won by a score of 3-2. Many patrons and friends enjoyed the barbecue, pickles, bread, and coffee served on the spacious campus of the school.

The Seco Community P. T. A. held its final meeting of the year on Saturday afternoon, the new chairman, Mr. Wallace Lutz, presiding. Various business items were dispatched and others were postponed until the next school term. Miss Josie Rothe, in response to a brief talk by Mr. Herman Poerner, thanked the trustees, patrons and members of the P. T. A. for their continued cooperation which had been an aid in making this year a successful one.

## PIRATES WIN SIXTH STRAIGHT.

What looked like a no-hit game for Longfeld was spoiled in the seventh inning when the twenty-first La Pryor man to face him singled. Up to that time only one man had reached first base, on an error, and he was promptly thrown out trying to steal. The final score was, D'Hanis 5, La Pryor 2. La Pryor put up a good fight but inability to hit proved to be their undoing. Butler, left fielder for La Pryor, played sensational ball, robbing D'Hanis batsmen of seemingly safe hits. Wolff made a great sneaking catch in center for D'Hanis. J. White, La Pryor pitcher, held the hard hitting Pirates to five hits until the eighth inning when they connected for four straight hits which netted two runs. Allen and Tom Koch with three hits each led the batters. Sunday the Pirates journey to La Pryor for a return game.

The score:  
La Pryor..... 000 000 020—2 4 1  
D'Hanis..... 021 000 02x—5 9 1  
Batteries for La Pryor: J. White and Sowers, Bates. D'Hanis: Langfeld and Joe Finger.

## GRADUATES, WHAT NEXT?

You might ask yourself the question, "WHAT CAN I DO?" that would justify a business man in giving me a nice office position and paying me a good salary. Now, ask yourself these questions: Can I write accurately and neatly sixty words per minute on the typewriter? Can I take difficult dictation at one hundred and twenty words per minute? Can I take court testimony at one hundred and seventy-five words per minute? Do I know the law pertaining to negotiable papers? Do I know how to draw up commercial instruments? Do I know how to keep books? Can I keep the books of a large corporation? Can I use a bank or a commercial posting machine? Do I understand credits and collections or re-financing? Do I understand money and banking? Can I write a good advertisement? Can I make out an income tax statement? Do I understand cost accounting? We could suggest to you many more questions just as important as these. You are not going to be employed at a good salary unless you can answer these questions and many more to the satisfaction of the experienced successful business man. The business man must of necessity in building his business back after the recent depression, employ the best trained young men and women, those who will make him a profit on their services.

From three to five months spent in Byrne College will equip you for a good position where there is room for advancement and opportunity for investment of your earnings as you advance your knowledge of the business in which you are employed. The merchant is stocking his shelves with the best goods he can buy for the money and of necessity must use the same policy in buying service for his office.

Young friend, you may at first think it impossible for you to get a business education at this time but if you are really determined you can get it now and have a good position this Fall, come to our office and let's talk this matter over, or if you can't come, write. Let us tell you about our special prices and easy payment plan, and how we provide spare time work to earn board and room. See the nice places we secure for our students who wish to pay board and room at from \$3.80 to \$5.00 per week. Learn how we have helped many boys and girls get on the pay roll, see our wonderful student body of fine young men and women. See a list of the positions we have filled the past few days.

Under our individual advancement plan, you may enter at any time, but the earlier you enroll the sooner you will be placed on the pay roll. For particulars fill in and mail.

Oats in the spring and corn and cowpeas and other crops in summer and fall have been found good hogging-down crops.

## Why Get Up Nights? Make This 25c Test

This easy bladder physis is needed to drive out impurities and excess acids which cause irritation that results in leg pains, backache, burning and getting up nights. BU-KETS, the bladder physis, containing buchu, juniper oil etc. works on the bladder pleasantly and effectively, similar to castor oil on the bowels. Get a 25c box (5 grain size) from your druggist. After four days, if not relieved of getting up nights go back and get your money. You are bound to feel better after this cleansing and you get your regular sleep.

## LD FRANCISCO BRIDGE GIVES WAY UNDER LOAD.

Commissioner Roberson reports that the Francisco bridge, West of town, gave way one day this week, under weight of a heavy San Antonio truck loaded with cattle from the Lilly ranch. The truck had to be unloaded; and quite a lot of repairs were necessary to make the bridge safe again.

## MAKING BUTTER ON THE FARM.

By V. M. Couch

In these times when milk is plentiful and the price paid the producer is ridiculously low, it is a problem with the dairy farmer to know what to do with the milk to get the most out of it. Some farmers who have only medium-sized dairies and are equipped so situated that it is found most profitable to make butter and this being the case, to commence with, it

is very important that the cream should be in proper shape to churn.

Handling the milk, separating, cooling the cream and adding the starter is only a part of the work in making fine butter, so we will start with the handling of the cream and manufacturing. The room where the cream is kept and butter made should be looked after and kept at proper temperature and free from odor, dust or dirt. The cream must be stirred often, for if it is not a partial separation sometimes takes place, and the thinner part of the cream will form a curdly mass at the bottom of the container, and the top and that which sticks to the sides will dry and become hard and small portions of it may work through the strainer, causing white specks in the butter. The salting process is a question of what the consumer wants, it is simply a matter of taste. Some may want only one half ounce to the pound of butter, but most consumers want about one ounce. In salting much depends upon the moisture of the butter, the drier the butter the less salt required.

In churning the operator should be careful not to overdo the matter, but stop the churn when the butter is in granular form or about the size of wheat kernels, so that when it is spread out for salting it will be loose and crumbly. Weighing the salt is important and afterwards sift about two thirds of it over the mass of butter. Then start working and after going over it a couple of times the butter should be turned over by the use of a butter spade. Two or three operations, unless a combined churn and worker is used, in which case the machine does the work. The butter is then ready for the balance of the salt. In this way the salt gets all through the butter before it is worked much and therefore does not require so much working.

It is difficult to make any fixed rule for working butter. The season, temperature of the room and kind of worker used makes a difference. In fact, but as much experience and good judgment is required in working the butter as in any other part. Light streaks or mottles in butter are often caused by uneven distribution of salt and uneven working.

A trench silo filled with seeded ribbon cane bundles, uncut, was recently opened on the farm of Walter Crews of Lindale, Smith County, and the ensilage found to be in perfect condition. It is being cut with an axe into small pieces and fed to horses and cattle. The county agent states the saving in not cutting up the stalks amounted to 50 cents per ton.

## It Takes More Than Salts, Calomel, Mineral Waters, Oils, or Laxative Pills to Arouse a Sluggish Liver

They Give Only Temporary Relief From Constipation and Biliousness, Because They Have No Effect Whatever on the Liver or Its Production of Bile

Bile is nature's own laxative and your stomach and bowels require at least one quart of fresh bile every day to keep them clean, pure, free from fermentation, putrefaction, gas and disease germs.

When your liver becomes torpid or sluggish the bile stagnates and stops flowing freely. The contents of your bowels become the breeding place for germs and poisons; your food does not digest—it just ferments and decays in the bowels. The blood absorbs these poisons and you suffer from constipation, gas, sick headaches, biliousness, nervousness and sour stomach.

Sargon Soft Mass Pills will remove the cause of this condition and purify your entire system in nature's way. They are not like any other medicine you have ever taken. They are so gentle, thorough and natural in their action that there is nothing about them to remind you that you have ever taken a medicine, and most remarkable of all you gradually reduce the dose until you no longer require a laxative at all.

Five years ago it was generally believed that calomel and laxative drugs stimulated the liver, but modern science has proved that calomel, salts, mineral waters, oils and other laxatives have no effect whatever on the liver.

Sargon Soft Mass Pills act directly on the liver because they

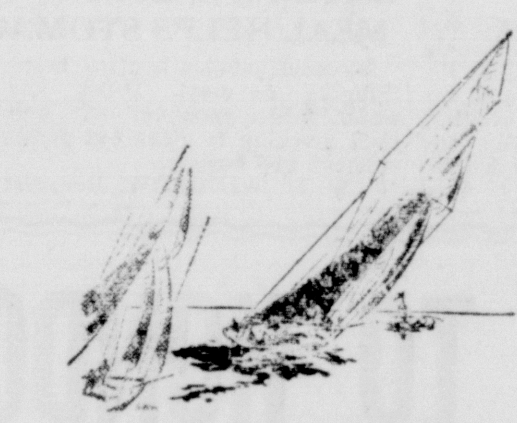

W. H. WINDROW, DRUGGIST

contain two amazing substances which highest medical authorities agree are the only effective stimulants to the bile-producing activity of the liver known to modern science. These substances stimulate and invigorate the liver to cleanse and purify itself through increasing its production of bile. This fresh bile immediately starts to work neutralizing acids and poisons, stopping fermentation and decay, cleansing and purifying the bowels and sweeping out accumulated poisons.

Unless you have tried Sargon Soft Mass Pills you can have no idea of the effects produced by this natural cleansing of your liver and bowels. It makes you feel years younger, stronger, healthier and happier. It brings back life and color to faded eyes and cheeks, restores the appetite and sound digestion—gives you a new outlook on life itself.

Insist on genuine Sargon Soft Mass Pills. Don't be misled. There are only two known substances which will actually stimulate a torpid or sluggish liver to cleanse and purify itself by increasing its production of bile. Sargon Soft Mass Pills contain both of these substances and no other advertised medicine on the American market today does contain them.
